# FLORAL AIRCARE

- GERMICIDAL AIR FRESHENER

## DESCRIPTION

---

A quality "designer" fragrance incorporated into a germicidal base, which will neutralise stale tobacco odours and leave a fresh and pleasant atmosphere.

## USES

---

Safe to use: non flammable, non pressurised.  
A highly economical alternative to aerosol products.  
Ideal for hotels, night clubs, department stores, theatres, cinemas, public buildings, nursing homes, cruise liners, ferries, etc.

## DIRECTIONS AND DILUTIONS

---

Spray into the corners of the room to freshen and condition the atmosphere.  
Spray directly onto any source of unpleasant odour.  
Also spray directly onto entrance matting to create a top class impression when entering the building.  
Prevent contact with any water sensitive materials.
